## PROFILE

**Frontend software developer** specializing in building modern, high-performance web interfaces using **Next.js** and **React**. Focused on creating intuitive, scalable, and visually polished user experiences. Passionate about continuous learning, collaboration, and solving complex UI/UX challenges across web and mobile platforms.

## EDUCATION

**Ebla Private University**, Bachelor's Degree in Information

09/2019 – 09/2025 | Aleppo, Syria

Technology and Communications Engineering

Focused on software engineering, computer networks, web technologies, and communication systems. Developed strong skills in programming, database management, and full-stack application development through academic projects and practical training.

## PROFESSIONAL EXPERIENCE

**Frontend Developer**, Raizer

04/2025 – 07/2025 | Aleppo, Syria

Developed responsive and user-friendly web interfaces using React, Next.js, and modern frontend technologies. Collaborated with backend teams to integrate APIs and optimize performance.

Implemented reusable UI components, state management, and multi-language support. Focused on delivering clean code, high performance, and pixel-perfect user experiences.

## COURSES

**Frontend Development Training Program**,

09/2024 – 01/2025 | Syria

Radar Company

Successfully completed an intensive frontend development training program focused on building modern, responsive, and high-performance user interfaces. Gained hands-on experience with **HTML**, **CSS**, **JavaScript**, **React**, and **Next.js**, including component-based architecture, state management, form handling, and API integration. Worked on real-world projects emphasizing clean code, reusable components, responsive design, and best practices in UI/UX. Demonstrated strong problem-solving skills, attention to detail, and the ability to translate designs into functional, user-friendly interfaces.
